## Seesaw Hotspot

Christmas is soon approaching!! The Seesaw activity library has lots of different Christmas themed activities that you can use in your classroom. Check out these ones below, they are my top picks for Christmas this year!

An addition christmas themed activity by [Miss Leurer](#), decorate a Christmas tree by [Mary Marshall](#) and a Christmas themed problem solving activity by myself. Click on them for the links.

## What's the Apps?

Twitter is one of those amazing apps that you don't really think about using in the classroom. It is a fantastic way for students to make connections, find new ideas from across the world and share their learning with others!

Twitter has fantastic chats that you students can be apart of that can align to your topic, inquiry or learning. Simply search the keyword to find relevant chats that your students can be apart of!

Lots of learning to be had and a great way of sharing with others!

## Twitter find

Growth mindset is an awesome way to help learners coach themselves into a positive mindframe within their thinking. Check out this awesome growth mindset sketchnote by [Kristin Weins](#) that helps make growth mindset self-talk more easily read. Perfect for students, teachers or anyone looking for ways they can improve their self-talk. Check it out and click on the link!

## Competition time!

What's 'app'-ening newsletters have been around for a whole year now! So amazing to have so many subscribers wanting to share in the learning and be part of this journey with me. Thank you so much for your support and subscribing.

To celebrate one year, I am giving away a \$10.00 Teachers Pay Teachers voucher and a \$10.00 Mrs Priestley ICT voucher for two lucky winners!!

To enter it is so simple! Fill in [this quick google form with your details and you're in!](#) Winners will be drawn and announced in the next addition of What's 'app'-ening!
